

## **We're going green!**

We have signed up to the Green Business Pledge, a new initiative set up to promote the eco-credentials of Greater Manchester's greenest companies.

By making a pledge, we're demonstrating our commitment to improving the efficiency of our resource use and ensuring that our operations are as sustainable as possible. In doing so, we're not only a more efficient business, we're also playing our part in helping Greater Manchester to become a low carbon economy and achieve its goal of cutting greenhouse gas emissions in half by 2020.

As a company, we have already achieved:
