Kane International LTD

When you work with us, we have specialist Advisors that can support your business needs across:

"The support from GM Business Growth Hub came at exactly the right time for us. The advice and guidance from our Advisor helped us plan our factory move with confidence, strengthen our sales approach, and bring real focus to our leadership team."

Rob Ashton, Brighter Blinds Ltd

"Since the training, the team has started to address the areas that we photographed on our walk throughs. They can now "blinkers off" look at the unconsciously obvious things that we accept every day and address them."

Brian Blinkhorn, Evolution Aqua Ltd

"Get the GM Business Growth Hub involved because they will come in and they'll show you how to introduce Lean into the business. It changed the way we think...and we made probably 40% time saving."

Pete Connor, Director at Pure Group

"The workshops delivered by the Greater Manchester Business Growth Hub have been significantly better than others we've paid for. They're fully funded and genuinely impactful."
